5416 W Sligh Ave. Suite 106 Tampa FL. 33634

OEM private label high energy density and deep cycle battery manufacture.

Mini UPS Introduction:

NBS Smart Lithium Battery backup

Let your electronics never stop operating during power failures.

Built-in Battery

Model	Voltage	Current	Capacity	Weight
MU26W	12V	3A	5200Mah	235g

Mini UPS Introduction:

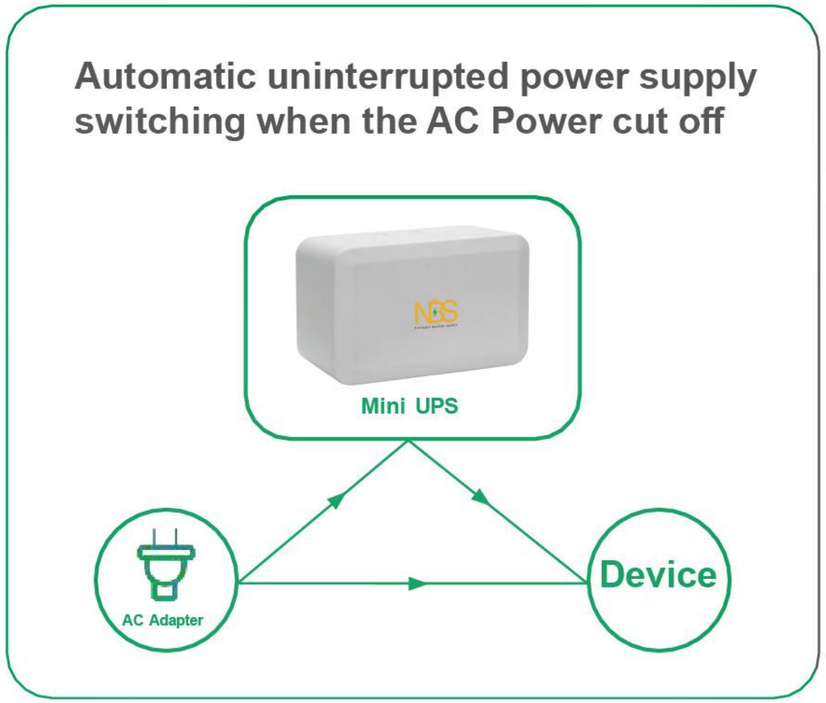

Mini UPS Introduction:

NBS Mini UPS is an uninterruptible power supply that provides backup power to your devices during outages.

When AC power fails, the Mini UPS automatically switches devices to battery power. When AC power resumes, it simultaneously recharges the battery and powers your devices.

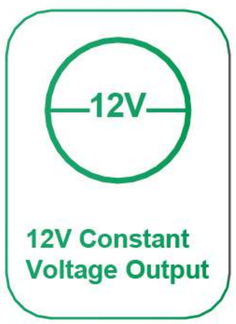

The system features certified lithium-ion batteries, stable circuitry, and fire-resistant FR-ABS casing. Your safety is our priority.

Keep your devices running anytime, anywhere.

Mini UPS Introduction:

Mini UPS application:

WiFi Router, Modem, CPE, ONT, ONU, ISP, CCTV Camera, IP Camera, Monitor, Vending Machine, Medical CPAP, Fingerprint, Facial Recognition Access Control Device, Door Access, Street Lighting, Smart Home Monitor, Fire Safety System, Security Monitoring System, Personal Treatment Monitor, Emergency Lighting, Alarm System, Personal Communication Systems, Radio, Digital Cameras, Camcorders, Video Camera, Bluetooth Devices, CD players, MD players, Portable DVD, MP3 players, Smart Cards, etc.

Wide Range of Applications

NBS MU26W

Matched Adapter

12V3A European/USA/UK Adapter

Input 100-220V

Output 12V3A DC Output

12V3A Adapter

NBS MU26W

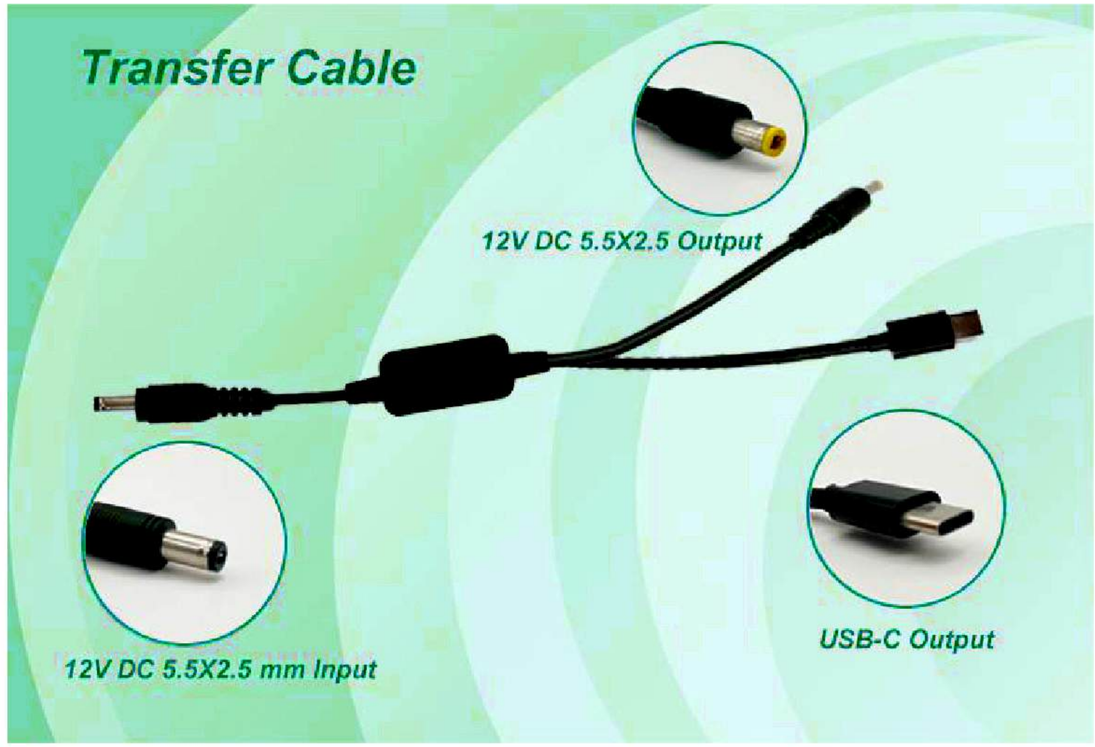

Extra Transfer Cable

Extra Transfer Cable with DC&USB-C:
If the exist Output connector DC.5.5x2.5 cannt meet your demand, we also offer extra transfer cable which with different connector to power different devices.

Input:
9V/12V DC.5.5x2.1

Output
12V DC.5.5x2.1
USB-C

Extra Transfer Cable

NBS MU26W

How to use the mini dc ups?

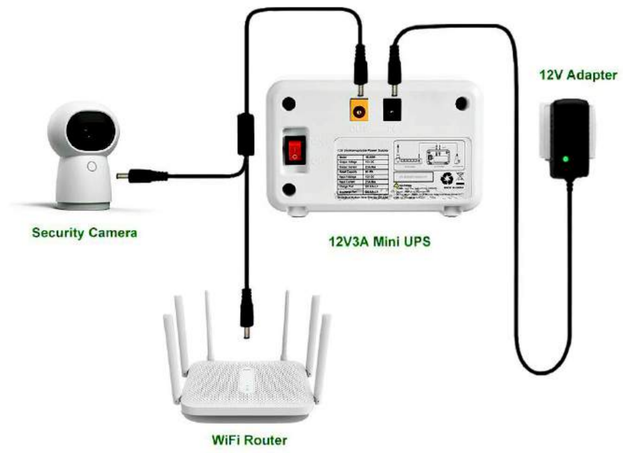

1. Connect the Mini DC UPS to your electric device.

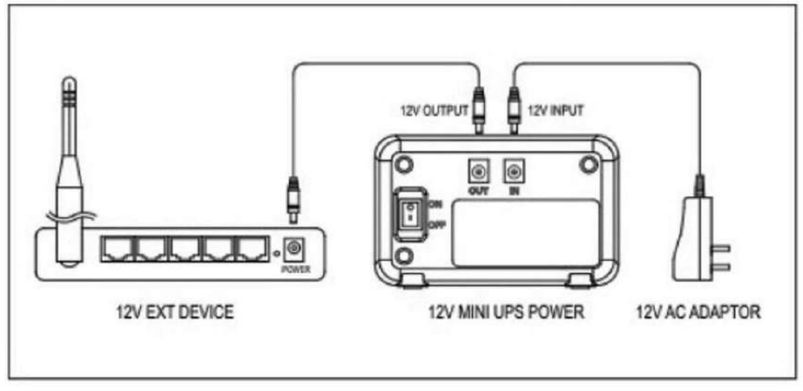

2. Turn the Mini DC UPS switch to ON - the "Work" LED will turn red, indicating the device is powered

3. Connect the Mini DC UPS to its matching adapter

4. Plug the adapter into AC power: The "Work" LED will turn green, The "Charge" LED will turn blue, The adapter will simultaneously power both the Mini DC UPS and your device,The "Charge" LED turns green when fully charged

How to use it

NBS MU26W

Front side:

Show MYLION logo on the casing, simple and fashion

Back side:

Switch: ON/OFF
Input : Black dc.5.5x2.1
Output port: Yellow dc.5.5x2.5

Bottom side:

Hanging hole: there are two hanging hole, you can fix the mini dc ups on the wall or celling, help you fix the mini dc ups easily and conveniently.
Non-slip mat: there are 4black non-slip mat, you can put the mini dc ups firmly on the desk, be safe and good look

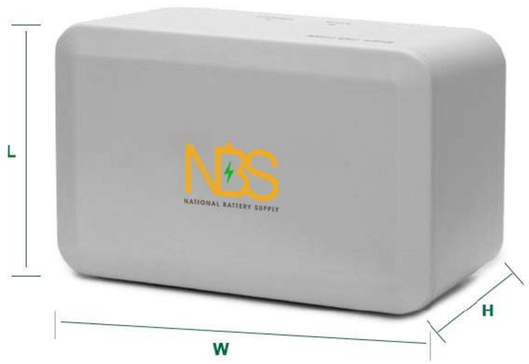

Top side:

Work led
Charge led
Show you the different condition of the mini dc ups, when the AC Power blackout, the “Work” led
become red, the red light is also a warning light, when you saw the red light, that’s mean the AC
Power blackout.

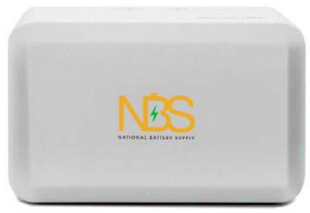

Transfer Cable: Standard Free

Yellow: DC5.5x2.5 Black: DC.5.5x2.1
Transfer cable: one end is yellow dc.5.5x2.5, the other end is black dc.5.5x2.1, avoid people connect the wrong port

NBS MU26W Features and Advantages

MU26 Feature:

1. Smart: Constant voltage output

2. Small: Automatic power switching, Compact, Power bank-sized portability, MU26 model weighs only 235g, Versatile placement: wall-mounted, ceiling-fixed, or tabletop

3. Safe: Fire-resistant ABS plastic casing, Certified battery and circuitry, Overcharge/discharge prevention, Overcurrent protection, Short circuit protection, Temperature regulation

4. Sleek Design, Modern, aesthetic appearance

5. Thermal Safety

NBS MU26W Features and Advantages

MU26 Advantage:

1.Long stand-by time: MU26 12V 2A 19.24Wh can offer power 12V 0.5A(6w): approx 4-5hours

2.Constant output voltage: keep the constant output voltage even the battery power is low, make sure the electric device's working voltage keep the same.

3.CE,CB,IEC62133,Rohs,UN38.3,MSDS,FCC Certificate. 100% inspection before send.

4.Anti-skid.

NBS MU26W Benefits and Certifications

MU26 Benefit:

1.Smart protection: temperature, over charge & discharge, over current, short circuit

2.Fantastic design, make it be a fashion outlook

3.Automatic shift, convenient in daily life

4.Widely application, offer client good market

5.Offer free transfer cable

MU26 Certifications:

1.CE,CB,IEC62133,Rohs,UN38.3,MSDS,FCC Certification for the whole unit

2.Use certified battery for the Mini DC UPS

3.100% quality inspection.

4.Can offer CE,CB,IEC62133,Rohs,UN38.3, MSDS,FCC Certificate, Anti-fire ABS, Anti-skid testing video. UPS production process video

5.Customer reputation

NBS dc ups package:

Elegant white paper box contain the mini dc ups kit
Show the mini dc ups type name, connect instruction picture on the box, make everything be simple and easy.
What's in the box?
1x mini dc ups
1x transfer cable
1x user manual

NBS MU26W Quotation and Quick Spec.

MU26W HS Code:8504402000

12V 2A 19.24Wh/5200mah lithium battery backup
Discharge/Work: 12V constant 2.5A Max Continuous, Impulse 3A at short time
Charge: 12V AC Adaptor 3.5A
Max Switch ON/OFF
Input port: DC.5.5x2.1 black
Output port: DC.5.5x2.5 yellow
Backup time: offer power to 12V0.5A Router
Protection: Temperature protect, Over charge & discharge, over current, short circuit
Case dimension: L112xW70xH60mm
Case function: anfi-fire ABS
Weight: about 235g
Certification: CE,CB,IEC62133,Rohs,UN38.3,MSDS,FCC
Package: 20pcs/carton
Gross weight: 7 kgs/carton for 20pcs
Carton dimension: (35X21X30cm)
